We heard loud and clear from 3,000 people across the state: **Maryland is becoming more and more unaffordable**, and our families are facing profound stress.

We're fighting for a Maryland where...

All of us can make a living, support a family,
and **afford a quality home**

Immigrants are safe and can build a good
life for their families

No one has to make sacrifices to **pay for**
utility bills

We all can **breathe clean air**, including
inside our homes

Historic African American communities can
build **generational wealth**

We all **stand together against hate**
